Requester's Name: Michael Vogelsang	Requester's Organization: ComEd	Phone #: 630-684-2808
Date of Request: 05/19/2009	Affected EDI Transaction Set #(s): 814 Enrollment Response	E-Mail Address: Michael.Vogelsang@Comed.com
Requested Implementation Date: 7/1/2009	Status:	
Requested Priority: (emergency/high/low/project):Project	If Priority is "Project" then specify Project Name: Document Clean-up	

Brief Explanation (This will be copied into the description in the Change Control Summary Spreadsheet):

Specify in the Implementation Notes section of the 814 enrollment response that ComEd will use the word MANUAL for any enrollment response generated by ComEd enrolling a customer online to a RES in it's system.

Detailed Explanation (Exactly what change is required? To which Illinois CPWG Standards? Why?):

ComEd has the ability to enroll a customer to a RES online in it's system (without a DASR). This is used as part of ComEd's Emergency DASR process that is in place if a RES loses EDI capability for a period of time and will miss an enrollment window. ComEd may also use this to fix any errors in the enrollment process. In this case, ComEd will populate the BGN06 field with the word "MANUAL". This will alert the RES to the fact that there was not an 814 enrollment request from them to match the response to.

This is just a documentation change for the 814 enrollment response guide. This was discussed at CPWG meetings.
