

## Illinois CPWG Change Request

This Illinois CPWG Change Request can be found on the Illinois CPWG website at  
<http://www.choiceinillinois.com>

<b>Requester's Name:</b> Joe Baker	<b>Requester's Organization:</b> Ameren	<b>Phone #:</b> 314-603-9680
<b>Date of Request:</b> 8/13/09	<b>Affected EDI Transaction Set #(s):</b> 867 Monthly Usage	<b>E-Mail Address:</b> <a href="mailto:jbaker2@ameren.com">jbaker2@ameren.com</a>
<b>Requested Implementation Date:</b> ASAP	<b>Status:</b>	
<b>Requested Priority:</b> (emergency/high/low/project): High	<b>If Priority is "Project" then specify Project Name:</b>	

**Brief Explanation** (This will be copied into the description in the Change Control Summary Spreadsheet):

Requesting a change of the EDI 867 Monthly Usage Implementation Guide such that the BPT 04 element communicates the type of usage being sent and not the type of meter.

**Detailed Explanation** (Exactly what change is required? To which Illinois CPWG Standards? Why?):

Ameren is requesting that the 867 Monthly Usage Implementation Guide be modified such that the BPT 04 element communicates the type of data being sent. This field is currently being communicated based on the type of meter(s) that are being supplied in the transaction. Since the 867 Historical Usage transaction is based on the type of usage being sent (and the type of meter coincides in all transactions except for the cancel), it would be the best practice to communicate this element in the 867 Monthly Usage transaction based on the type of usage being sent.
