

SUMMER IS WINDING DOWN.

How did your HVAC system perform?

If your unit is 10 years old or older, consider upgrading to a newer, more efficient model and save even more throughout the year — **up to 40% on your cooling costs**. Take advantage of these cash-back offers from Ameren Missouri and close out the summer with savings:

- **Up to \$700* cash back** on an energy-efficient central air conditioner
- **Up to \$900* cash back** on an air-source heat pump
- **Up to \$1,800* cash back** on a geothermal system

SIMPLE WAYS TO SAVE ENERGY AND MONEY

More time spent at home means your HVAC system might be running more often. But you have the power to save and keep your energy costs low while you stay comfortable. Here are some simple energy- and cost-saving tips from Ameren Missouri to help.

For every degree you adjust your smart thermostat, you can **save up to 3% on your energy bill.**

Replace or clean the filters in your air conditioner regularly to **lower your energy use by up to 15%.**

Run ceiling fans counterclockwise in the summer and turn your thermostat up 4 degrees to **save on costs.**

Weatherstrip your windows and doors before winter to **save up to 20% on your energy bill.**
