

Illinois CPWG Change Request

This Illinois CPWG Change Request can be found on the Illinois CPWG website at
<http://www.choiceinillinois.com>

Requester's Name: Michael Vogelsang	Requester's Organization: ComEd	Phone #: 630-684-2808
Date of Request: 07/29/2010	Affected EDI Transaction Set #(s): 814 Change Request/Response	E-Mail Address: Michael.Vogelsang@Comed.com
Requested Implementation Date: 12/10/2010	Status:	
Requested Priority: (emergency/high/low/project):Project	If Priority is "Project" then specify Project Name: UCB/POR	

Brief Explanation (This will be copied into the description in the Change Control Summary Spreadsheet):

Make the POR Group in field REF03 of the Utility Account Number optional for 814C requests from utility to RES.

Also make the POR Group in field REF03 of the Utility Account Number optional for 814C responses from the utility to the RES.

Detailed Explanation (Exactly what change is required? To which Illinois CPWG Standards? Why?):

ComEd has determined that it does not have the POR Group readily available to send when we provide PLC and NSPL value changes on an 814C request. ComEd requests that the POR Group (in field REF03 of the utility account number reference) be made optional instead of required. ComEd will continue to send the POR Group on all other 814C transactions, especially when the POR Group changes.

ComEd also does not have the POR Group available when receiving an 814C request from the RES for a RES Account Number change. ComEd would like to make the POR Group also optional on the response. ComEd will send the POR Group when available.
