

Energy Efficiency
PROGRAM

As the seasons change, find out what energy-saving options you qualify for.

With a range of energy-saving options available, find the best option for your home. Use our Residential Eligibility Tool to find out how you can start saving.

"My home is warmer and not so drafty. I'm very happy with the improvements! I feel much better knowing my home is well insulated now. Thank you!"

ENERGY EFFICIENCY
PROGRAM

Prep your home for cooler weather.

Stay comfortable and lower your energy usage this fall with simple actions you can take at home.

If furniture is blocking vents, move it 6-12 inches to heat your home more evenly.

Regularly replace your furnace filter to ensure your system runs efficiently.

Open blinds and curtains to let the sun in and keep your home warm.
