Re: 0190100008--Champaign County
Champaign/IP Town Gas
Site Remediation Program/Technical Reports

JUL 18 2014

REVIEWER: JKS

Dear Mr. Martin:

The Illinois Environmental Protection Agency ("Illinois EPA") has completed review of the *Evaluation of Soil Gas Data Collected at the Center for Women in Transition 304 N. 5th St., 504, 506, and 508 E. Church St. Champaign, Illinois* ("Report"/Log No. 14-56843) dated January 2010. The Report, submitted by RAM Group, was received by the Illinois EPA on January 7, 2014.

The Illinois EPA reviewed the above Report and determined the concentrations found in the soil gas are well below the soil gas concentrations in 35 Illinois Administrative Code Part 742. At this time, no further action is warranted for the indoor inhalation route for the Center for Women in Transition properties south of the site.

Please continue to send one original and one copy of all submitted information. If you have any questions, please feel free to contact me at above telephone number, address or e-mail me at Greg.Dunn@illinois.gov.

Sincerely,

Gregory W. Dunn, L.P.G., Manager
Voluntary Site Remediation Unit B
