Site Remediation Program/Technical Reports

Dear Mr. Martin:

The Illinois Environmental Protection Agency ("Illinois EPA") has completed review of the *Groundwater Monitoring Update – Quarter 4 2011 Sampling Event Champaign Former MGP Site, Champaign, Illinois* ("Groundwater Report"). The Groundwater Report was received by the Illinois EPA on February 8, 2012 (Log No. 12-49931). The Illinois EPA approves of the above Groundwater Report with the following comment.

1. The Illinois EPA understands the next sampling event is scheduled for the week of March 26, 2012. If this date changes, please let me know as soon as possible. The Illinois EPA will not be collecting split groundwater samples at this time, but will be observing the sampling.

All future submittals to the Illinois EPA concerning the Illinois Power Town Gas site in Champaign should include one original and two copies of each document. If you have any questions, please feel free to contact me at above telephone number, address or e-mail me at [Greg.Dunn@illinois.gov](mailto:Greg.Dunn@illinois.gov).

Sincerely,
