Re: 0190100008--Champaign County  
Champaign/IP Town Gas  
Site Remediation Program/Technical Reports

Dear Mr. Martin:

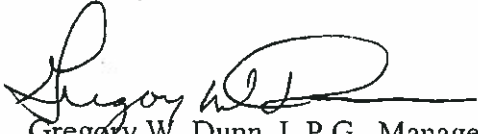

The Illinois Environmental Protection Agency ("Illinois EPA") has completed review of the *Groundwater Monitoring Update – Quarter 3 2011 Sampling Event and Shallow Groundwater Classification Field Hydraulic Conductivity Testing* ("Groundwater Report"). The Groundwater Report was received by the Illinois EPA on October 31, 2011 (Log No. 11-49105). The Illinois EPA approves of the above Groundwater Report with the following comments.

1. The Illinois EPA collected split groundwater samples from two monitoring wells during the September 2011 sampling event. The analytical results from the Illinois EPA samples and the analytical results from the Ameren samples are similar. The Illinois EPA will continue to collect split water samples twice a year, most likely in the spring and fall.
2. Please continue to notify the Illinois EPA at least two weeks prior to the next groundwater sampling event so we may arrange for a visit to observe the sampling.

All future submittals to the Illinois EPA concerning the Illinois Power Town Gas site in Champaign should include one original and two copies of each document. If you have

any questions, please feel free to contact me at above telephone number, address or e-mail me at [Greg.Dunn@illinois.gov](mailto:Greg.Dunn@illinois.gov).

Sincerely,

Gregory W. Dunn, L.P.G., Manager
