Re: 0190100008--Champaign County
Champaign/IP Town Gas
Site Remediation Program/Technical Reports

Dear Mr. Martin:

The Illinois Environmental Protection Agency (“Illinois EPA”) has completed review of the *Response to Comment Letter dated December 2, 2008* (“Response”/Log No. 09-40376) dated February 3, 2009. The Response was received by the Illinois EPA on February 4, 2009. The Illinois EPA approves of the responses provided in the February 3, 2009 Response letter and subsequently approves of the *Remediation Objectives Report* and *Remedial Action Plan* received by the Illinois EPA December 12, 2008. The Illinois EPA anticipates the receipt of the Class V Injection Well Inventory Form, analytical results of the backfill material, and the details of the Remedial Action Plan (Comment #5) when available.

All future submittals to the Illinois EPA should include one original and two copies of each document. The Illinois EPA also requests a 14-day notification of all activities at the site so Illinois EPA personnel may be present.

If you have any questions concerning the Champaign IP Town Gas site, please feel free to contact me at above telephone number, address or e-mail me at Greg.Dunn@illinois.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Gregory W. Dunn", with a large, stylized flourish at the end.

Gregory (W) Dunn, L.P.G., Manager
Voluntary Site Remediation Unit B
