

FROM THE DESK OF

Richard Mark

CHAIRMAN AND PRESIDENT, AMEREN ILLINOIS

IMPORTANT INFORMATION ABOUT THE NEW STATE ENERGY LAW

Dear Valued Customer,

Last Fall, Governor Pritzker signed a comprehensive new **State Energy Law** that aims to move the state toward a cleaner energy future.

The legislation contains some very positive provisions that we believe will be beneficial to our customers and Downstate communities, including measures allowing Ameren Illinois to continue to make reliability investments in our electric infrastructure, construct solar facilities, and deliver clean energy to your homes and businesses.

This legislation also creates a multitude of new state programs and costs that Ameren Illinois is mandated to include in your monthly bill. Some of these charges are already factored into your monthly energy bill, and new charges will be added as the law is implemented.

We are committed to transparency and keeping you informed about changes you may see on your monthly bill. To learn about this new legislation and how it may affect you, and to find out more about these new programs, visit us at **AmerenIllinois.com/StateEnergyLaw**.

Sincerely,

Richard J. Mark

Chairman and President
