

HELPING YOU NAVIGATE HIGHER ENERGY SUPPLY COSTS

The cost of electricity we deliver to you has significantly increased due to higher electric capacity prices. We know many individuals and families are facing challenging economic times and understand that no one wants to see rising energy costs.

You count on us every day for the energy you need, and we have programs and resources to help you find the path to savings that works for you.

- **BILLING OPTIONS:** Manage monthly energy costs with our flexible payment programs and billing alerts.
- **ENERGY EFFICIENCY:** The most effective way to lower your monthly bill is to use less energy. We offer a variety of energy efficiency programs to help you reduce your usage and save.
- **ENERGY ASSISTANCE:** The LIHEAP and Warm Neighbors Cool Friends programs may provide financial assistance to qualifying customers.
- **SUPPLY CHOICE:** Illinois law allows you to choose an alternative power supplier. Check the supply rate on your bill and compare it to the Ameren Illinois Basic Generation Service (BGS) rate.
