Be sure safety is on your long to-do list this #Harvest19. Know locations of power lines and stay 10 feet away. #FarmSafety	An important thing to add to your ever-growing to-do list this harvest season - safety. Always know the location of power lines and stay 10 feet away. #Harvest19 #FarmSafety
What should you do if your tractor makes contact with power lines? Stay in the vehicle and call 911. #Harvest19 #FarmSafety	If the grain truck or tractor you're driving makes contact with a power line, stay in the vehicle and call 911. Exiting the vehicle could have deadly consequences. #Harvest19 #FarmSafety
This #Harvest19 remember, keep yourself and equipment at least 10 feet away from power lines. #FarmSafety	As harvest gets underway, let's keep safety top of mind. Be sure to keep all equipment at least 10 ft. from power lines. #Harvest19 #FarmSafety
Make safety a priority during #Harvest19. Always lower equipment before leaving the field, as power poles often line the roads near farms.	#Harvest19 is upon us. Make safety a priority. Always lower equipment before leaving the field, as power poles often line the roads near farms. #FarmSafety
Stay aware of your surroundings during #Harvest19. Auto-guidance GPS systems don't detect the presence of power lines and other hazards.	As harvest gets underway, make sure you stay aware of your surroundings. Auto-guidance GPS systems don't detect the presence of power lines and other hazards. #Harvest19 #FarmSafety
To reduce the potential for natural gas incidents during #Harvest19, always call 811 before tile plowing, setting fence posts or any other digging projects outside of routine farm tillage.	To reduce the potential for natural gas incidents during #Harvest19, always call 811 before tile plowing, setting fence posts or any other deep digging projects outside of routine farm tillage. #FarmSafety
Make it a safe #Harvest19. Always use a spotter when raising augers or grain truck beds to make sure you stay clear of power lines. #FarmSafety	Using a spotter when raising grain truck beds or augers can save a life. Spotters can make certain you stay far away from power lines. #Harvest19 #FarmSafety
