Table 1: Equipment Rebates A General Service Energy Audit is **NOT** required in order to request a rebate. Rebates effective for installs between September 1, 2021 and August 31, 2022.

The maximum rebate amount per measure type listed below will be rebated per category in a calendar year. Eligible equipment for this program is listed in the table below and cannot be combined with rebates listed in Table 2.

Eligible Measure Type (See Note 1)	Eligible Efficiency Rating	Specified Rebate (Fixed or per the required calculation shown)	Maximum Rebate Allowed/Measure Limit per Year	Equipment Costs	Standard or Calculated Rebate
Smart Thermostat	Please visit AmerenMissouri.com/naturalgas for a current list of qualifying smart thermostat models	\$25 per unit, up to 10 units, or 50% of the equipment cost, whichever is lower	\$250 Limit 10 per customer		
Steam Trap Replacement	Steam trap replacement considered efficiency improvement	\$50	\$1,250 Up to 25 failing units		
Natural Gas Food Service Steam Cooker – 5 Pan	Natural Gas Food Service Steam Cookers – 5 Pan	\$1,800	\$3,600 Limit two per customer		
Natural Gas Food Service Steam Cooker – 6 Pan	Natural Gas Food Service Steam Cookers – 6 Pan	\$1,800	\$3,600 Limit two per customer		
Natural Gas Food Service Double Oven	Natural Gas Food Service Double Oven	\$2,600	\$5,200 Limit two per customer		
Natural Gas Tank Storage Water Heater	20–55 gallons high-efficiency with an EF rating greater than or equal to 0.67	\$200	\$2,000 Limit 10 per customer		
Natural Gas Tankless Water Heater	High-efficiency with an EF rating greater than or equal to 0.82	\$300	\$3,000 Limit 10 per customer		
Natural Gas Furnace (Tier 1)	High-efficiency AFUE rated 92–95.9%	\$200	\$2,000 Limit 10 per customer		
Natural Gas Furnace (Tier 2)	High-efficiency AFUE rated 96% or higher	\$300	\$3,000 Limit 10 per customer		
Natural Gas Boiler	High-efficiency AFUE rated 90% or higher	\$300	\$600 Limit two per customer		
Ceiling Insulation	Customer’s existing ceiling insulation must be R13 or less. Customer must install to a minimum rating of at least R18–R49 See Note 2	\$0.0268 x sq. ft. x ΔR with a maximum rebate of \$250	\$250		
Wall Insulation	Customer’s existing wall insulation must be at R11 as verified and documented by insulation contractor. Customer’s contractor must install to a minimum rating of R20–R49 See Note 2	\$0.0402 x sq. ft. x ΔR with a maximum rebate of \$400	\$400		
Hot Water Kit	Each kit may include one showerhead, two aerators and 10 feet of pipe wrap	Hot water kit will be mailed to the company	N/A One free		
Pre-Rinse Spray Valve Program	0.64 GPM (do not purchase—supplied directly to customer upon request)	Pre-rinse spray valves that are mailed to the company	N/A Up to two free		
Natural Gas Large Vat Fryer	50% heavy load cooking energy efficiency	\$900	\$900 One per customer		

NOTES

1. A customer will not receive a rebate for the equipment listed in this table and for a similar rebate offered for the equipment listed in Table 2. Rebates in Table 2 only apply to those customers who have had a Qualified Energy Audit completed and meet the additional qualifications specified for that program.
2. A customer is only eligible for a rebate, per the calculation for this measure, for areas that meet the baseline requirements and not the entire ceiling/wall area. This is applicable in cases where only a portion of the square footage of the ceiling/wall area meets the minimum baseline requirement.

Table 2: Equipment Rebates A qualified energy audit IS required. The qualified auditor must recommend and complete one or more of the following equipment/improvements from this table before you can request a rebate. Rebates effective for installs between September 1, 2021 and August 31, 2022.

The maximum rebate amount per measure type listed below will be rebated per category in a calendar year. Eligible equipment for this program is listed in the table below and cannot be combined with rebates listed in Table 1 for those measures for non-energy audits.

Eligible Measure Type (See Note 3)	Eligible Efficiency Rating	Specified Rebate (Fixed or per the required calculation shown)	Maximum Rebate Allowed/ Measure Limit per Year	Equipment Costs	Standard or Calculated Rebate
Ceiling Insulation	Baseline R13 or less. Must install to a minimum of R18 and a maximum of R49. See Note 4	\$0.0268 x sq. ft. x ΔR with a maximum rebate of \$500	\$400		
Wall Insulation	Baseline R11 or less. Must install to a minimum of R20 and a maximum of R49. See Note 4	\$0.0402 x sq. ft. x ΔR with a maximum rebate of \$800	\$800		
Air Sealing Measures	Reduction in air changes per hour (ACH) must be at least 0.5 ACH through measures that may include window and/or door weather stripping, switch/outlet insulation, caulking or foam.	\$395 per 0.5 ACH reduction with a maximum rebate of \$800	\$200		

NOTES

- For the purchase and installation of cost-effective natural gas energy-saving equipment and building shell measures as recommended from a customer's energy audit performed by a Qualified Auditor, which are not included in other commercial natural gas measures listed in this Program. Audits must be performed by qualified professionals (Registered Professional Engineer, Registered Architect, Certified Energy Manager, or equivalent training, experience, and continuing education). Audit procedures and reports must reach the level of effort of a Level II – Energy Survey and Analysis, as described in the most recent edition of "Procedures for Commercial Building Energy Audits," published by the American Society of Heating, Refrigerating, and Air-Conditioning Engineers.
- A customer is only eligible for a rebate, per the calculation for this measure, for areas that meet the baseline requirements and not the entire ceiling/wall area. This is applicable in cases where only a portion of the square footage of the ceiling/wall area meets the minimum baseline requirement.

Complete the equipment information below only for the eligible equipment that you have selected in Table 2.

Customer Checklist

If you have any questions concerning the requirements for this program, please call 1.877.215.5752. To ensure that the rebate form will not be rejected for lack of supporting documentation, the customer should complete all of the following:

- Make sure equipment is new and installed in your name at the address listed on your Ameren Missouri Natural Gas bill.
- Include a recent copy of your Ameren Missouri Natural Gas bill (must be under the name and address listed on this form).
- Verify that you are an eligible Ameren Missouri Natural Gas customer before proceeding with this rebate program.
- Make sure the equipment you are considering for purchase is eligible for a rebate per the program rules.
- Make sure the customer’s current eligible natural gas account number is listed on this rebate form.
- Make sure you or the contractor has filled in all the blanks in the sections requesting information on the OLD and NEW equipment for each rebate submitted.
- Make sure the Qualified Auditor (when applicable) has provided you with a copy of the full pre- and post-audit report.
- When applicable, make sure the contractor has signed the form. Exception: In cases where items are self-installed, then the customer must sign.
- Make sure you or your landlord has signed and dated the rebate form in the box below.

Be sure to provide copies of the following required documentation:

- Your most recent Ameren Missouri Natural Gas bill. All applicable invoices.
- The full audit report (if applying for measures as a result of audit results). A completed rebate form.

Customer or Landlord Signature (Required)

Name (Please print):	
Customer/Landlord Signature (Required):	Date:

By signing, the customer/landlord acknowledges having read and understood the terms and conditions of Ameren Missouri’s Natural Gas Efficiency program. The customer certifies that all the information provided is true and correct and that the products for which the customer is requesting a rebate meet the requirements of the program.

Mailing Instructions

Mail rebate application, along with the required documentation and required signatures, to:

ICF
Ameren Missouri Natural Gas Rebate Program
980 Beaver Creek Drive
Martinsville, VA 24112

Rebate checks will be mailed approximately 6–8 weeks following receipt of a fully completed rebate form and receipt of all required documentation. Please note the rebate mailing address above. Please do not mail this form with your utility bill payment.

Thank you, and congratulations on your decision to take high-efficiency, energy-saving measures. This purchase will benefit you, your home and the environment.

This program is being administered by Ameren Missouri. Incentive processing services are being fulfilled for Ameren Missouri by ICF.

This rebate is available to all Ameren Missouri natural gas customers in Missouri and may be subject to change or termination without prior notice. Funding is provided to Ameren Missouri natural gas customers and administered by Ameren Missouri in cooperation with the Missouri Public Service Commission. Ameren Missouri reserves the right to conduct field inspections to verify installations. (A) AMEREN MISSOURI OR ITS CONSULTANTS DO NOT ENDORSE, GUARANTEE OR WARRANT ANY PARTICULAR MANUFACTURER OR PRODUCT, AND AMEREN MISSOURI PROVIDES NO WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR IMPLIED WARRANTY OF FITNESS FOR ANY PRODUCT OR SERVICES. AMEREN MISSOURI IS NOT LIABLE OR RESPONSIBLE FOR ANY ACT OR MISSION OF ANY CONTRACTOR. THE CUSTOMER'S RELIANCE ON WARRANTIES IS LIMITED TO ANY WARRANTIES THAT MAY BE PROVIDED BY CONTRACTORS, VENDORS, ETC. (B) NEITHER AMEREN MISSOURI NOR ITS CONSULTANTS ARE RESPONSIBLE FOR ENSURING THAT THE DESIGN, ENGINEERING AND CONSTRUCTION OF THE INSTALLED EQUIPMENT OR INSTALLATION OF THE INSTALLED EQUIPMENT IS PROPER OR COMPLIES WITH ANY PARTICULAR LAWS, CODES OR INDUSTRY STANDARDS. AMEREN MISSOURI DOES NOT MAKE ANY REPRESENTATIONS OF ANY KIND REGARDING THE RESULTS TO BE ACHIEVED BY THE INSTALLED EQUIPMENT OR THE ADEQUACY OR SAFETY OF SUCH MEASURES.
