

LOCAL PUBLIC HEARING NOTICE

Ameren Missouri has filed tariff sheets with the Missouri Public Service Commission (PSC) that proposes an increase in the company's gas service revenues by approximately \$9,403,161. The overall request would raise a customer's total bill (including Purchased Gas Adjustment) by approximately 6.4%.

Please note that while Ameren Missouri's filing suggests to the PSC what Ameren Missouri contends are the appropriate rates to be set as a result of this case, an overall rate increase or an increase for some rate classes could be proposed as the case proceeds which, if approved by the PSC, could result in the rates applicable to one or more rate classes that are higher than those initially requested by Ameren Missouri.

The base rate increase request, which is subject to regulatory approval, would take effect no later than February 28, 2022.
