

SHINE ON TOGETHER

Community Solar makes it easier than ever to support clean energy.

Solar Energy Without the Hassle

Want to support solar energy generation across our region? Ameren Missouri customers can participate in the Community Solar program **without the cost of installing a single solar panel**. The best part? You can choose the level of participation that makes the most sense for your household. **It's solar made simple.**

Easy digital enrollment – choose or adjust your participation level.

Get more solar energy into homes and businesses across Missouri.

All customers are eligible, including business customers!

Every Subscription Helps Power a Bright Future

In 2023, Community Solar has already produced enough clean energy equivalent to...

200 MILLION
cell phones charged

4 MILLION
fewer miles driven by an average car

OVER 500
hours of sunlight collected

200 average Missouri home's energy use for one year
