

## **GAS METER UPGRADES**

Your upgraded gas module will give you more precise energy usage information to help you better manage your energy habits – and provides increased safety measures. Your energy usage information stays secure at all times.

### **WHAT'S NEXT?**

You will receive a phone call approximately one week before your upgrade. You will not lose service during this equipment upgrade.

## Great News for Your Gas Service

In a few weeks, we will start upgrading gas modules in your neighborhood! The process is quick and simple – **you don't even have to be home** as long as there is **clear and safe access** to your meter and **pets are secured**. These upgraded modules will let you access your energy usage information like never before and provide increased safety measures.

**LOG IN** or create your account at [AmerenMissouri.com](https://AmerenMissouri.com) and update your information so you're ready to take advantage of your upgraded meter's benefits.
