

MO.P.S.C. SCHEDULE NO. 6Original SHEET NO. 128

CANCELLING MO.P.S.C. SCHEDULE NO. _____

SHEET NO. _____

APPLYING TO MISSOURI SERVICE AREAGENERAL RULES AND REGULATIONSIV. MEASUREMENT OF SERVICE**A. METERING STANDARDS**

Company will furnish and install only one main watthour meter and one main instrument or method of demand measurement (normally measuring kilowatts in periods of fifteen consecutive minutes), to register all energy and power of the same type of service supplied to a given customer at any individual premises unless accuracy of measurement, engineering, safety reasons, economic reasons, rates, or legal provisions require the installation of more than one meter.

For secondary service customers receiving both single and three phase service, one single and one three phase energy and demand meter set will be furnished by the Company where required by applicable tariffs.

B. ADDITIONAL METERING

Company, at its option, may install for billing purposes, to the extent Company considers feasible, additional meters in excess of those specified in paragraph A above, for customer's engineering or economic reasons. Customer shall pay Company for such excess meters monthly with the bill for service at the following rates:

- | | | |
|----|--|---|
| a. | Standard single phase
secondary A.C. watthour
meters | @ \$2.25 per meter per month |
| b. | Standard three phase
secondary A.C. watthour
meters | @ \$6.75 per meter per month |
| c. | Current transformers
(C.T.) where required
by size of load | @ \$2.50 per C.T. per month |
| d. | Any special meter or
meter equipment, such as
primary and switchboard
type meters | @ 2.00% per month of the cost
of such meter or equipment |

MO.P.S.C. SCHEDULE NO. 63rd RevisedSHEET NO. 129CANCELLING MO.P.S.C. SCHEDULE NO. 62nd RevisedSHEET NO. 129

APPLYING TO

MISSOURI SERVICE AREA**GENERAL RULES AND REGULATIONS****IV. MEASUREMENT OF SERVICE (Cont'd.)****C. MULTIPLE METERED ACCOUNT BILLING**

Where more than one meter is installed for metering the premises of an individual account in accordance with paragraphs A and B above, the sum of each watthour meter's kilowatt-hour usage and each demand meter's individual maximum non-simultaneous kilowatt demand will be used for billing purposes. Under all circumstances involving multiple metered accounts, any alternating current watthour meter registering zero usage in a given billing month shall be subject to the monthly charge for three phase meters, specified in paragraph B of this Section IV, during each month of zero usage.

D. METER INSPECTIONS AND TESTING

Company's meters shall be inspected and tested for accuracy in accordance with applicable Missouri Public Service Commission Rules. If customer requests a meter test within 12 months of any previous testing of such meter, a standard charge based on meter type will be assessed for meters found to have an average meter error of 2 percent or less.

*** E. REMOTE METER READING OPT-OUT**

Customers receiving service under the Residential Anytime Service rate have the option of refusing the installation of remotely read metering or requesting the removal of previously installed remotely read metering. In such instances, non-standard metering equipment will be installed that requires a manual meter read. Customers requesting non-standard metering service after April 1, 2017 will be charged a one-time setup charge and a monthly recurring Non-Standard Meter Charge. Charges are listed on Sheet No. 63, Miscellaneous Charges. Charges shall not be applicable to customers who have not been offered remote metering equipment by the Company due to geographic or similar considerations.

Remote Meter Reading Opt-Out is not available for residential customers that are receiving service under any of the following rates: 1) any residential rate option other than Anytime Service, 2) Electric Power Purchases from Qualifying Facilities, or 3) Electric Power Purchases from Qualified Net Metering Facilities.

If a customer denies access to their premises for meter installation or replacement, either through verbal refusal, threats, or failure to establish an agreed-upon time for access, the Company will notify the customer in writing. The notification will state that continued refusal to allow installation of standard AMI metering equipment may result in disconnection of service in accordance with the notice procedures outlined in 20 CSR 4240-13.050. Non-standard metering will not be offered as an option in situations where the customer does not permit reasonable access for mandatory meter installation or replacement.

*Indicates Change.

Issued pursuant to the Order of the Mo.P.S.C. in Case No. ER-2024-0319.
