\* GENERAL DESCRIPTION

Paperless Billing is a free and voluntary electronic bill rendering program. The Company's customers who choose affirmative election ("program participants") agree that the Company will deliver a digital copy of their bill to the program participant instead of mailing or hand-delivering the bill. As part of the program, program participants will receive a monthly email with a link to view and pay their bill. Digital accessibility to the bill is available on the company's website at Ameren.com. To view a digital copy of their bill, any Company customer, including program participants, can create and log in to their secure online account at Ameren.com where they can view and/or print copies of their bills. Program participants may also choose to receive Paperless Billing text alerts on their mobile phone. Text alerts contain summary information about their monthly bill, including a link to view their bill on Ameren.com. In addition, bill information, including PDF links of current and prior bills, is available to any Company customer, including program participants, who downloads and uses the Ameren Mobile app. There is no fee for making payments online or via the Ameren Mobile App. Company customers, including program participants, can choose to receive their paperless bill at their bank's website if the bank uses Fiserv/CheckFree as their backend processor. In addition, program participants may pay their bill via any of the available payment options currently offered by the Company to any of its customers. Standard billing and payment terms and conditions apply to program participants.
